It will be useful for those who use WhatsApp Desktop every day for work or personal purposes. How to download WhatsApp Desktop Appasse You don't have whatsapp on your computer, you can download it for Windows 32-bit here, Windows 64-bit here and Mac here. What versions of the apps Whatsapp desktops can make calls? WhatsApp says the call function is supported on Windows 10 64-bit version 1903 or more recent and MacOS 10.13 or more recent. All voice and video calls on WhatsApp are encrypted end-to-end. Here you make a voice or video call using the WhatsApp desktop and what you need. To make or receive a voice or video call using whatsapp desktop , you will need the following: the latest version of the Whatsapp desktop (available for Windows PC and Mac) an audio output device and microphone camera for video calls with internet connection active on the phone and on the computer. We can get a commission for purchases using our links. Over 2 billion people use Whatsapp (via TechCrunch). The Whatsapp desktop app now supports both voice calls and video calls, but only for one to one communication. Now, it also supports the voice and video calls. Source: Windows Central After what looks like a waiting eternity, WhatsApp is launching support for voice and video calls through its desktop app. Whatsapp now allows you to make or receive voice and video calls on your desktop app for Windows and Mac. I Whatsapp beta tested voice and video call for some time, but now you are launching towards the desktops, including Windows 10 PCs (via TechCrunch). Find out more. It is also set to always be at the top.á. Currently, the function is Available for call one to one, but whatsapp said he intends to include voice and group video calls in the future. During the current global pandemic, many people had to mix and combine services to communicate through all their devices. With support for voice and video calls on desktop, a lot of people should not jump around among the applications just to stay in touch. This app allows you to synchronize all chats and whatsapp messages from your phone. In the future, whatsapp will update the desktop app to support group calls.
